 Muhammad Arslan

Passionate Computer Science student with a strong interest in web development and modern technologies. Skilled in building responsive, interactive, and user-friendly web applications. Eager to learn, grow, and contribute to real-world projects.

Technical Skills

- ❖ **Frontend:**(HTML, CSS, JavaScript, React, Bootstrap 5)
- ❖ **Backend:**(Node.js, Express.js, Supabase, PHP (Laravel))
- ❖ **Databases:**(MongoDB, MySQL, PostgreSQL)
- ❖ **Tools&Platforms:**(Git, GitHub, GitHub Pages, Vercel, Netlify, Railway, Render, Fly.io)

EXPERIENCE

Student Developer

As a Student Developer, I have built interactive front-end projects using HTML, CSS, and JavaScript. I focused on implementing responsive designs and modern UI components for web pages, while collaborating on small projects to enhance my coding and problem-solving skills.

Academic Projects

1:Ad Flow Pro (Full-Stack MERN Application)

Developed a full-stack advertising workflow management system using React, Node.js, Express.js, and MongoDB. Implemented dynamic dashboards, REST APIs, and responsive UI for efficient data handling and user interaction.

2:Full-Stack Resume Website (React)

Built a responsive personal portfolio/resume website using React with modern UI/UX design principles. Integrated reusable components, smooth navigation, and deployed for live access to showcase skills and projects.

3:GitHub Clone (React Frontend Project)

Developed a responsive GitHub landing page clone using React and Bootstrap. Focused on pixel-perfect UI replication, component-based architecture, and mobile-first responsive design.

HOBBIES

Built multiple responsive websites using Bootstrap 5; passionate about UI/UX, modern web design, and continuously learning new technologies and frameworks.

EDUCATION

- BSCS | COMSATS University Islamabad, Vehari Campus *CGPA: 2.7 | (Curent Studing)*
- XII (Multan Board) Govt Post Graduate College ,Vehari Percentage: 70% | 2023
